

WHITE PAPER

Disclaimer

This Whitepaper prepared by SET is for elaboration, description and for informational purposes only, This is not an offer or a solicitation to buy or sell any securities or to invest in any financial instruments. The SET tokens are not intended to constitute securities in any jurisdiction. This Whitepaper does not constitute a prospectus or offer document of any sort and is not intended to constitute an offer of securities or a solicitation for investment in securities in any jurisdiction. This Whitepaper does not constitute or form part of any opinion on any advice to sell, or any solicitation of any offer by the distributor/vendor of the SET to purchase any SET nor shall it or any part of it nor the fact of its presentation form the basis of, or be relied upon regarding, any contract or investment decision. The distributor will be an affiliate of SET and will deploy all proceeds of SET sales to SET's cryptocurrency project, businesses and operations. No person is bound to enter into any contract or binding legal commitment in relation to the sale and purchase of SET and no cryptocurrency or other form of payment is to be accepted on the basis of this Whitepaper. Any agreement as between the distributor and you as a purchaser, and in relation to any sale and purchase, of SET (as referred to in this Whitepaper) is to be governed by only a separate document setting out the terms and conditions (the "T&Cs") of such agreement. In the event of any inconsistencies between the T&Cs and this Whitepaper, the T&Cs shall prevail.

Global De-centralised Network Powering an ecosystem
for Saving our Environment

SAVE ENVIRONMENT TOKEN

Powering Data for Blockchain based Ecosystem

SET

SET is a new cryptocurrency Token that addresses today's environmental pollution concerns, climate change effects and the health and fitness levels of the world's citizens. Wardwizard Joy E-Bike helps in reducing the carbon footprint by providing a means of transportation with zero emissions and contributes to the maintenance of good health and fitness levels.

Wardwizard introduces products that are environmentally friendly. Fresh air and Fitness are in high demand. The e-Bike, air purifiers, and an eco-friendly corporate culture answer the call by providing products and services that are consistent with the Core Values of the Wardwizard Management Team and contribute to the benefit of humanity.

The SET project promotes Eco-friendly products and environment savvy Technology on a De-Centralized Open Source Blockchain Platform. SET is a Rewards-like discount Token, used for promoting the sale of anti-pollution products and creating an ecosystem for environmentally sustainable businesses and entrepreneurs across the globe. The main objective is to develop a global platform or marketplace where you can buy eco-friendly products that are manufactured by Wardwizard and other manufacturers who want to utilize the platform to sell their eco-friendly products to like-minded consumers. I'm taking out anything about the future because in order not to be considered a "Security" the platform should be functional the moment the Token Sale begins.

MISSION STATEMENT

The **Save Environment Token SET** was created to facilitate global environmental sustainability through innovative product introductions. We aim at reducing the world's carbon footprint and promote a healthy lifestyle amongst the community. We are demonstrating how block chain technology can be instrumental in this quest through the use of multimedia channels for the betterment of the society and generations to come.

SAVE ENVIRONMENT TOKEN

SET is a new and unique cryptocurrency token with a noble cause to save the environment and provide solutions to the global environmental concerns. To promote eco-friendly products and environment save technology on Blockchain platform.

GOALS

Reduce Global Warming

Reduce Environmental Pollution

Reduce Carbon Footprints/Emission

Build Sustainable Environment

Save the world for future generation

OBJECTIVE

Global platform/marketplace for buying and selling eco and environmental-friendly products.

Anyone can list their eco and environmental-friendly product to sell to worldwide customers on our SET platform.

Our platform is the best place for those who want to invest in eco and environmental-friendly projects.

Find investors who are interested in funding your eco and environmental-friendly product or project.

Any investor can register on our SET platform and choose any project for investing in from the list of different eco and environmental-friendly projects.

Our platform will serve as a Project Management Consultant for the businesses who want to use our platform for their eco and environmental-friendly project.

ENVIRONMENTAL CONCERNS

In today's environment, climate change and pollution concerns us all.

Global Warming

Global temperature rise, Warming oceans, Shrinking ice sheets, Decreased snow cover, Sea level rise, Declining Arctic sea ice and more...

Environmental Pollution

Each year 1.2 trillion gallons of untreated sewage, storm water, and industrial waste are dumped into the oceans. While children make up 10% of the world's population, they are victims of over 40% of the global burden of diseases. More than 3 million children under age five die annually from environmental factors.

Carbon Footprint / Emissions

Electricity = Carbon Dioxide – like it or not, every time you plug in, you are impacting the environment through carbon emissions. Power plants all over the world utilize fossil fuels, coal, and alternative energies such as nuclear.

EVIDENCE

Global Greenhouse Gas Emissions by Gas

Global Greenhouse Gas Emissions by Economic Sector

2014 Global CO₂ Emissions from Fossil Fuel Combustion and Some Industrial Processes

Marketplace for Eco Friendly business initiatives

SET

SAVE ENVIRONMENT TOKEN

Eco-Friendly Marketplace

Project Creators

Value Investors

Eco-Friendly Product Sellers

Eco-Friendly Product Buyers

Projects Creators can sign up on the SET Platform and add details of their eco-friendly project to seek investment and support from like minded community of value investors.

Value Investors can support and invest in any of the projects listed on SET Platform, by contributing in SET Tokens

Responsible Consumers who value the environmental impact of what they buy, can find products listed on SET Platform.

Eco-friendly product manufacturers and small business looking to reach their supportive audience, can list their products for sale on SET Marketplace

SET Platform is one the first few marketplaces that is embracing Blockchain technology to better enable community support and growth of Planet friendly sustainable ideas, projects and products.

From Project creation, to investor engagement - key parameters of the project are **Recorded on the Blockchain**.

Each project created on SET platform has its own **Unique Token Address**

The fund disbursement is purely **(community + mathematics)** driven. Where the project creators can withdraw funds, upon approval from the majority of the community

SET's Revenue Model
