MISSION

Metaverse, called the virtual universe, is a digital world where almost everything in the real world, including virtual lands, virtual characters, virtual houses, yachts, takes place.

VISION

MetaArt, which will take its place in the crypto money market and open the door of a new world to its users with the help of Metaverse and blockchain technology, promises a virtual creation. If MetaArt is developed enough, people will have the opportunity to do many activities such as shopping, going to the movies, spending time in the cafe, without any physical effort, thanks to the virtual reality devices they have acquired.

The logo for Metaart features the word "meta" in a lowercase, rounded font with a pink-to-red gradient. Below it, the word "ART" is in a stylized, blocky font with a blue-to-purple gradient. The background is a dark blue space with a network of glowing blue lines and dots, and a red-to-blue gradient at the bottom.

meta ART

By the end of 2023: Metaart will create its own metaverse network.

In the First Quarter of 2024: Metaverse wallets will be activated.

In May 2024: Metaverse will be ready for use.

Metaverse is a platform where users can move in a digital and augmented reality virtual universe, while pushing the limits of many elements of technology. Metaverse providers envision that their users will be able to work, play and stay connected during virtual world trips such as concerts, conferences and business meetings or with friends.
